

ACTIVITY #3 – DRAFT STORYBOARD SCENES

Part 1 –Design Pattern Attributes and Implications

Instructions for Part 1 – Review your assigned standards and benchmarks and the Characteristic Features from the Observational Investigation *design pattern*. Then, select and enter in the table below the Focal KSAs and Narrative Structure that are well-aligned with these standards, benchmarks and features. Identify and describe the implications for what will need to be assessed for each focal KSA in the final column of the table.

<ul style="list-style-type: none"> • Focus on the Nature of Science (Strand 1) benchmarks relating to observations to investigations at the appropriate grade level. • Presentation of a real-world situation with patterns suggesting the relationship between at least two variables that can be observed systematically (but are not amenable to experimental investigation).
